

DETERRENCE DISPENSED PRESENTS

Suggested Shopping List to produce a 9x19mm barrel with ECM-rifling:

- Adjustable Power Supply – Specification: 30V, 10Amps
 - LINK: <https://tinyurl.com/y556k28r>

- Barrel Stock - 16mm OD, 8mm ID, Pre Hardened
 - LINK: <https://tinyurl.com/wvgcpzg>
ALTERNATIVE LINK (Wish.com): <https://tinyurl.com/yh6h28sv>

- Round steel stock – 6mm / 0.250" OD, At least 500mm long
 - Make sure it has no coating of any sort. Ideally get bare pure non-stainless steel

- Salt

- You'll need 304 grams of regular cooking salt.

- Water

- You'll need 11.3 liters of water (3 gallons). You can use tap water, but tap water will add a variety of additives that may or may not change the cutting rate of the fluid.

- Insulated wiring

- **LINK:** <https://tinyurl.com/y2tgzcbh>
- You'll need at least some miscellaneous wiring – 14AWG insulated wire should do the trick. At least 3 meters of each red and black insulated wire.

- Alligator Clips
 - LINK: tinyurl.com/yfwy5nxy

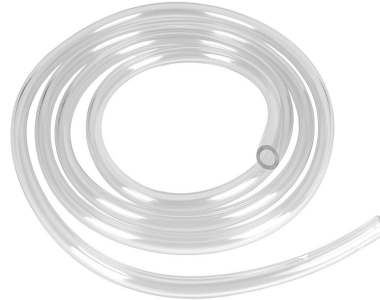

- Pump – Specification: 12V, At least 5 Amps, 2x barb connectors for 10mm or 3/8” hoses
 - LINK: <https://tinyurl.com/qruwak5>

- Pump power source – Specification: 12V, 1Amp - Cut off device end and splice to pump
 - LINK: <https://tinyurl.com/yxcr5r9p>

- PVC Hose – Specification: 10mm or 3/8” Inner Diameter
 - LINK: <https://tinyurl.com/y6xkq5b5> (Choose: 10x13mm)

- Thread to Barb Pipe/Hose fitting - 1/2” BSP or NPT thread to 10mm or 3/8” barb
 - LINK: <https://tinyurl.com/y6y6qg8a>

- Multimeter
 - LINK: <https://tinyurl.com/y4b93exx>

- Soldering Iron
 - LINK: <https://tinyurl.com/yx8p8n54>

- Bare 20AWG or 0.8mm bare copper wire
 - LINK: <https://tinyurl.com/y2uvzInc>

- Metal file
 - LINK: <https://tinyurl.com/y2cphkfe>

- Zip ties
 - LINK: <https://tinyurl.com/y6edsbej>

- RTV Silicone Sealant
 - LINK: <https://tinyurl.com/wwwmzof>
 - Can be found in the car section of hardware stores
 - Sold as high temperature silicone sealent for oil pans/oil gaskets on cars

REMEMBER THE LINKS ARE THERE JUST AS A SUGGESTED OPTION.

YOU MAY FIND CHEAPER AND BETTER OPTIONS FOR THE COMPONENTS LISTED, THAT YOU CAN BUY LOCALLY WHICH WON'T NEED 2-6 WEEKS TO BE SHIPPED FROM CHINA.
